2. No classified publications were sent to Congressional Agencies during the specified time frame, however I have attached a list of all publications sent during 1986 for your information:

Congressional Budget Office	000*
Congressional Research Service	2
General Accounting Office	2
Office of Technology Assessment	6

*Congressional Budget Office has, to my knowledge, never asked for nor received classified documents.

3. Other important miscellaneous points:

STAT

- OCA never sends classified documents to a Member's personal office. When they say they have a safe, my standard answer is that only our Committees have "approved storage facilities for CIA material."
- Keep in mind this list is only DI and NIC material. DO material is controlled by OCA registry. In addition, classified material occasionally has been sent directly to the the Hill by individual DI officers. They have been frequently reminded to send all documents through us.
